

Oren, Tad and Kent Brown

My two sons Tad and Kent and I were very active in troop 442 between 1987 and 1997, and I hung on until June 1999. I am happy that the troop appears to be going strong. I recognize the names of many boys on your eagles nest whom I knew as Tenderfoots and on up. As an assistant SM to Ed Walcott, John Amundsen and Tom Van Sittert I amassed about 190 nights of camping in the 12 years of activity. Tad and Kent probably had about 75 or 80 nights each. Unfortunately neither Tad or Kent were able to qualify for your eagles list. I do miss the troop and the fun. I served as cook for the adults on many a campout.

Happy camping.
